

Bioeconomy projects under the INTERREG Baltic Sea Region Programme

Baltic Bioeconomy Days
Rostock | 11 March 2020
Jan Schmidt

Content

1. How does current INTERREG BSR supports Bioeconomy?
 - Facts and figures
 - Project examples
2. What have we learned from the current Programme?
3. What do we know about the future Programme?

How does current IBSR support Bioeconomy?

Innovation

Research & innovation infrastructures

Smart specialisation

Non-technological innovation

Natural resources

Clear waters

Renewable energy

Energy efficiency

Blue growth

Transport

Interoperability

Accessibility

Maritime Safety

Shipping

Urban mobility

EU strategy support

Seed money

Support of PACs & HALs

Targeted support & EUSBSR forums

How does current IBSR support Bioeconomy?

- 14 projects with relation to Bioeconomy funded
 - with overall budget of 29.54 MEUR
 - wherof 21.39 MEUR ERDF co-funding
 - 123 organisations funded
 - 5 EUSBSR flagship projects

***RDI2CluB:**
Rural RDI milieus in transition towards smart bioeconomy
clusters and innovation ecosystems*

SusBioPackaging: Novel biobased plastics for sustainable packaging industry

What have we learned?

- Institutional capacity building as the a main strength
- Large variety of stakeholders involved
- Wide range of topics covered
- Strategies, recommendations, tools and training measures as main outcomes
- More practical implementation and piloting is needed
- Stronger involvement of end-users

What do we know about the future Programme?

- INTERREG Baltic Sea Region Programme 2021 – 2027 is currently under planning
- EU COM drafted an Orientation Paper with recommendations
- Joint Programming Committee (JPC) set up to supervise programming process and take formal decisions
- Strong focus on Policy Objective 2 “A greener, low-carbon Europe...”
